DEED RESTRICTION

Winnebago Reclamation Service, Inc., owner in fee simple of the real estate described below, hereby imposes restrictions on the real estate ("Pagel's Pit Landfill Operable Unit No. 1"), located in Township 43 North, Winnebago County, State of Illinois, and more fully described in Attachment 1 to this Appendix.

Purpose

For the purpose of protecting human health and the environment and preventing interference with remedial action and maintenance work at the Pagel's Pit Facility, the following restrictions are imposed on the Pagel's Pit Landfill Operable Unit No. 1, its present and any future owners, and their authorized agents, assigns, employees or persons acting under their direction or control.

Terms

1. Except as required under the terms of the Consent Decree, no production wells shall be installed in or draw upon the upper aquifer underlying the Pagel's Pit Landfill Operable Unit No. 1. Water from the upper aquifer shall not be used as a drinking water source nor shall it be used in such a manner as to cause exposure to people or animals. If the present or future owners can demonstrate to the United States Environmental Protection Agency's ("U.S. EPA") satisfaction that the groundwater in the upper aquifer underlying the Pagel's Pit Landfill Operable Unit No. 1 is not a threat to human health or the environment, this restriction may be lifted by petitioning U.S. EPA.
2. There shall be no residential use of the Pagel's Pit Landfill Operable Unit No. 1.
3. Any agricultural use of the Pagel's Pit Landfill Operable Unit No. 1 must be approved by U.S. EPA.
4. Any installation, removal or construction of any buildings, wells, pipes, roads, ditches or any other structures must be approved by U.S. EPA. U.S. EPA shall not approve any such action which will impair or defeat any remedial measures or the maintenance of remedial measures at the property.

5. Unless authorized by U.S. EPA, no one shall tamper with or remove any containment or monitoring systems or any components of the remedial action on the Pagel's Pit Landfill Operable Unit No. 1.

6. There shall be no interference with the performance of the work or remedial action, or with the maintenance of remedial measures approved by U.S. EPA and/or the United States District Court for the Northern District of Illinois.

All of the above restrictions shall run with the land and continue in perpetuity. None of these restrictions shall prohibit Winnebago Reclamation Service, Inc. or its successors or assigns from conducting landfilling and related operations under the terms of the present permits issued by the State of Illinois.

In Witness Whereof, Winnebago Reclamation Service, Inc. has caused these Deed Restrictions to be executed this 19 day of April, 1993.
